

FIBERLIGN® Cable Abrasion Protector for ADSS

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

The FIBERLIGN® Cable abrasion protector is intended to protect the ADSS cable jacket from abrasion from structures, trees or other cables. It is made from black, low density polyethylene for low cost and superior abrasion resistance.

Documentation

See Pages 3-11 [Communication Catalogue](#)

Part Tables

The tube may be cut in the field to accommodate specific length needs.

Part Number	Diameter Range (mm)	Protector ID (mm)	Protector Length (mm)
PTG-0201	6.04-12.7	12.7	1800
PTG-0203	12.8-25.4	25.4	1800
PTG-0203-0900	12.8 - 25.4	25.4	900
PTG-0205	25.6-38.1	38.1	1800
