

Fibre Optic Cable Marker

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

The Fiber Optic Cable Marker is designed to visibly identify fiber optic cable on a wood utility pole or other structure. In addition to marking the cable with a distinct yellow colour, the marking 'CAUTION FIBRE OPTIC CABLE' is used to indicate the cable type. The

bright yellow colour is easily identifiable from ground level. The fiber optic cable marker is manufactured from corrosion resistant, lightweight and thermoplastic material. It provides superior retention of physical characteristics over temperature ranges and exposure to ultra violet radiation

Documentation
