The SR Series™ – PV Solar Ready Shade Structures

The **SR Series™** shade structures are engineered and optimized to site specific applications and PV solar installations. The rugged yet sleek structures feature a simplified design with an integrated PV module mounting system resulting in faster assembly rates and reduced labor on every project. Available in a variety of structural types and finishes, these solar support structures feature tilt angles up to 10° and optional solutions for water and snow protection.

The SR Series mounting system features high strength Power Rail™ components including the revolutionary patented RAD™ lock-in-place clamping system and certified integrated grounding. PV module mounting is available in portrait, landscape or side-tilt orientations for increased energy production. Electrical connections and wire management are simplified with built in channels and clips.

Baja Construction offers professional, code approved installation services of the SR Series™ structures. Simply add PV modules to complete your project.

Technical Services Offered

- Permit ready drawings
- Quick turnaround on proposals
- Foundation designs
- Professional installation

Key Benefits

- Variety of structure types and finishes
- Site Optimized Designs
Reduces overall material costs
- Landscape, Portrait, or Side Tilt Orientation
Maximize energy production, and simplify electrical wiring
- Integrated Grounding
Reduces material and labor on every project
- Installation Services
Turn-key, code approved, professional installation in less time
- Integral Wire Management
Reduces labor, meets code and provides a clean and professional appearance
- Module Clamp Assemblies
Faster installation with a ¼" turn and no loose parts, Lock-In-Place RAD™ Bolt

Performance and Simplicity by Design

Braced Single Post (BSP)

Back-to-Back (B2B)

Box Full Cantilever (Box FC)

Box Full Cantilever Tee (Box T)

Full Cantilever (FC)

Full Cantilever Tee (T)

6 Designs to Choose

Three PV Module Orientation Options:

- 1 Landscape (L)
- 2 Portrait (P)
- 3 Side Tilt (ST)
5 or 10 degrees
See last page

PLP's engineering staff is available to assist with your next project.

Please visit www.preformed.com and complete a RFQ Form or contact our product support team at (800) 260-3792.

Side Tilt (ST) Option

The SR Series™ is a member of PLP's field-proven PV Solar ground mount solutions including:

- Power Peak™
- Multi-Pole Mounts (MPM-G2)
- Large Ground Mounts (LGM)
- Top-of-Pole Mounts (TPM)
