

Guy Markers

Wrap-Around Guy Marker

The PREFORMED™ Wrap-Around Guy Marker is designed to identify down guys or other wire and cable installations where anchoring devices are exposed to pedestrian and/or vehicular traffic. The Wrap-Around Guy Marker is available with a choice of three attachment devices; Universal Cable Tie, LOOP-LOCK Pin, Stainless Steel Clamp or just as a plain tube.

Features

- One piece design
- Lightweight
- Easily installed on strand sizes 3/16" – 1/2" (4.7 – 12.7 mm)
- Reflective stripe option available
- Deters vandalism
- Installs on down guys in seconds
- Special pallet pricing available

Attachment Devices

UCT	Universal Cable Tie
LLP	LOOP LOCK® Pin (Patented)
SC	Stainless Steel Clamp

Material

- Manufactured out of Polyethylene
- Premium UV inhibitors for a long life span
- Nylon pin or cable tie
