

Safety Guy-Wire Dispenser

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

The **SAFETY GUY-WIRE DISPENSER** is designed to provide a functional and safe way of paying-out strand. It provides an economical means of reducing hazards related to uncoiling strand. The Safety Guy-Wire Dispenser eliminates runaway coils and simplifies the banding or taping of coils.

Features

- Installs around strand coils in seconds
- Accepts strand coils up to 500 ft
- Use on all strand grades, wire rope, cable and conductor
- Pay-out strand with one person
- Simplifies inventory maintenance
- Improves coil handling
- One time use application
- Eliminates "Runaway" coils
- Occupies minimal truck space
- Manufactured from high strength Galvanized Steel Wire
