

COYOTE[®] Terminal Dome

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

COYOTE Terminal Dome Closures have the features and versatility ideal for supporting rural broadband networks. These applications involve construction of a network spread over great distances to serve smaller customer groups. Each COYOTE Terminal Dome Closure contains externally mounted OptiTap™ hardened adapters to support customer drop connections without entering the closure, a patented segmented end plate design to permit independent access to each cable port and internal organizers to contain a large volume of expressed fiber.
