

# COYOTE<sup>®</sup> Aerial Drop Closure

**Weight:** 0.00kg

**Dimensions:** 0.00cm x 0.00cm x 0.00cm

## **Description**

The **COYOTE Aerial Drop Closure** is a compact aerial closure system which supports installations in the customer drop distribution network. The product is typically installed in the outer edges of the network close to the customer premise supporting splice applications of 24 fibers or less. The maximum quantity of drop cables the closure can support is dependent upon the drop cable diameter. Using a flat drop cable the closure could support a maximum of 24 drops.
