

ARMADILLO[®] Stainless Shell Kit

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

ARMADILLO Stainless Shells are precision formed of stainless steel with an inside liner of neoprene. They feature a permanent gasket-sealing system that requires no re-entry kit or cleaning upon re-entry, and an integral air flange and grounding lead that allow pressurization and grounding through the shell. Each shell kit consists of a top shell half, bottom shell half, LOCK-BAR[™] fasteners and torque bars.

For over 30 years, our Stainless Steel Splice Case has been the industry standard, with millions of successful applications around the world, protecting communications cables under even the most severe conditions. This is our premium series for the most demanding applications. It offers superior performance and versatility for virtually any application.
