

POWER RAIL™ Mounting System (PRM)

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

The **POWER RAIL™** top-clamping mounting system is designed with the professional PV solar installer in mind. The top-clamping rails utilize a single tool with a revolutionary **RAD™** Fastener for faster bolt placement. The unique shape of the **RAD** provides an anti-rotation feature, locking the bolt in the proper orientation when installed. The high strength rigid rails also include an integral wiring channel for securing cables and providing a professional finish. The **POWER RAIL** Mounting System features the industry's broadest selection of mounting supports, designed for secure and water tight attachments to any roof style.

Design Your Next Project

POWER RAIL™ Design Tool

- Optimize your roof and structure mount layouts and material selections.
- Built-in code compliant engineering and simple user interface.
