

Top-of-Pole Mount (TPM)

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

The **Top-of-Pole Mount (TPM)** is designed to install quickly and provide a secure mounting structure for PV modules on a single pole. The module specific design reduces the number of components and provides for an easier assembly. The TPM utilizes high strength welded steel components and corrosion resistant hardware for long term flexibility. Seasonal adjustability for maximizing production is provided by six different tilt-angle settings and is a single person operation.
