

POWER RAIL™ Commercial Mounting System

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

The **POWER RAIL™ Commercial Mounting System** is designed with the professional PV solar installer in mind. Both the XD/UD and LD/MD rails feature single tool assembly with the revolutionary patented RAD™ Lock-in-Place bolt for fast and secure module clamping. The high strength marine-grade aluminum rails include an integral wiring channel for securing cables and providing a professional finish.

Design Your Next Project

POWER RAIL™ Design Tool

- Optimize your roof and structure mount layouts and material selections.
- Built-in code compliant engineering and simple user interface.
