

# I-String Assembly - Angled Suspension, Twin-Bundle Conductor, 25K

**Weight:** 0.00kg

**Dimensions:** 0.00cm x 0.00cm x 0.00cm

## **Description**

PLP **String Assemblies** include a full selection of tower hardware for tangent suspension, angle, and dead-end assemblies. The assemblies are organized by rated voltage values, number of conductors, general assembly type, and vertical strength of the associated insulators.
