

Super SERVICEAL® Closure

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

The **Super SERVICEAL Closure** provides the same long-term protection and features of the Ranger SERVICEAL Closure, but in a larger size. Accommodates buried service wire splices up to twelve pairs and cable diameters from 0.4" (10 mm) to 0.6" (15 mm).

Features

- Fast and easy installation
- Only two components, pre-filled vial and cap with integral Insertion Ram and Bonding Connector
- Vial pre-filled with field proven POLY-BEE Sealant for maximum protection
- Octagon shaped Vial for ease of application and maximum splicing capacity
- Positive locking feature to insure proper application and to discourage re-use
- RUS Listed
