

Reducing Splice

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

PREFORMED Reducing Splices are intended to permanently join two strands of different diameters.

Features

- Quickly and easily applied by hand
- No tools required
- Designed to permit spinner-free travel without adjusting the gates or lifting the spinner over the splice
- Made of material completely compatible with the strand to which it is applied
- Can be used in any environment
