

Communications Spacers

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

PREFORMED Communications Spacers provide an inexpensive way of eliminating mid-span hits on open wire. Spacers keep open wires in their place and prevent lines from "going dead" and momentary shorts and crosses.

Features

- Made from rigid, solid 3/8", high impact PVC
- Designed with a suitable inside diameter for direct application to mid-span locations
- Easily wrapped onto adjacent wires
