

RAPTOR PROTECTOR™

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

The Patented **RAPTOR PROTECTOR™** is designed to provide protection from incidental avian contact with overhead distribution lines. It provides an economical means of reducing bird fatalities and line outages when installed over pin or post tie top insulators.

Features

- Manufactured from linear low density polyethylene (LLDPE)
- Fully UV stabilized
- Low temperature impact resistant
- Environmental stress crack resistance
- Installs in seconds by hand or hot stick
- Lightweight
- Low profile
- Minimized wind loading
- Modifiable for use on double cross arm construction
- Covers C, F, and J-Neck insulators
- 35 kV dielectric strength
- Includes four (4) Round Eye Lock Pins
