<sup>1</sup>For most Loose Tube Buffer Tube OD cables. Verify minimum cable bend diameter for Ribbon Cable applications.  
\*Wide Multi-Cable Channel available for these sizes

FIBERLIGN In-Span Aluminum Storage Systems store slack ADSS and Lashed messenger cable. The conventional aluminum channel design covers a complete range of sizes from small diameter cable applications through large diameter ribbon cable applications. Convenient options can be added including durable cable straps, pole pass options, and wide channel for multi-cable storage.

### Key Features:

- Neatly organizes storage of cable in the span instead of on the structure
- Complete range of sizes 10" through 30" storage loop brackets
- Wide channel option captures multiple cables for more cable runs or butt splice applications
- Standard Black Powder Coat Finish
- Abrasion Protectors or Uni-Group Cable Guide pole pass options
- Hanger brackets have simple one bolt /lock nut attachment
- ADSS aluminum hanger bracket includes plastic cushion and durable cable strap connection
